Property Description:

Discover the perfect blend of recreation, investment potential, and opportunity with this exceptional 36.8-acre property! Backing directly up to more than 177 acres of U.S.

Fish & Wildlife Service land, this property offers outstanding access to surrounding wildlife habitat and an ideal setting for hunting, wildlife enthusiasts, and anyone looking to enjoy the outdoors. Beyond its recreational appeal, the groundwork has already been started to potentially divide the property into four separate parcels, with preliminary survey work completed and soil testing conducted for proposed septic sites. This creates an exciting opportunity for buyers to explore future development, sell off individual parcels, and potentially recoup a significant portion of their initial investment while retaining their own piece of country paradise.

Conveniently located within a reasonable commute to both Alexandria and Sauk Centre, this property offers a rare combination of privacy, recreation, and investment potential. Be sure to check out the hunting photos and aerial videos available online to fully appreciate everything this property has to offer!
