Description:

Build your dream home on one of the most picturesque lake properties on Blackwater Lake. This lake lot features 1.31 beautiful wooded acres, and 150ft of shoreline. A driveway and stairs down to the lake are already in place. There is a shared driveway easement for the first couple hundred feet of driveway to preserve trees on the property as much as possible. The property has a natural down slope facing the driveway that makes it ideal for a walk-out facing the driveway, which will give the second floor excellent views of the lake. The stairs to the lake are extra wide to allow for a motor assist lift chair if desired in the future. Blackwater Lake features 766 acres of full recreational crystal clear waters, and with depths up to 67 feet offers some of the best fishing around.Please note: The last two pictures of the dock with kayaks, and motorized lift chair are for reference only - they are NOT part of this listing, but shows what is possible for lake access.
