57810 County Highway 76
New York Mills MN 56567

Status: Active

Description:

This is one of the most tranquil and private building sights I've come across. It has 6.89 acres with a house and many structures on-sight, but few are salvageable. Sweat equity is key with this property, but parcels like this don't come around very often. There is electric, but we have not been able to ascertain if there is a usable well or septic. Property is being sold as-is and some personal property will be going to auction. Seller will be waiting 5 days before entertaining any offers. As is addendum must be with any offer.
