Description:

This beautiful house is boasting with magnificent character from the hardwood floors to the den/sitting room area and much more. Enjoy the newly remodeled kitchen with new cabinets, countertops, sink, and flooring. The den or sitting room is my favorite part of the home with the hardwood floors and the beautiful doors, this will for sure be a gathering spot. This home also has a formal dining room and a nice sized family room. A great place to call home. There is a brand-new natural gas furnace too. The garage has also been resided and shingled. You will also be impressed with the lot size, plenty of room for the kids to play or for pets to roam. Everything has been repainted so add some finishing touches and move right in. Don't miss out on this great home.
