Description:

Welcome to this inviting three bedroom, two bathroom home! The spacious primary suite includes a private full bathroom with a corner soaking tub/shower, and a walk-in closet. The other two bedrooms are generously sized, with one also offering a walk-in closet. In 2024, major appliances were updated, including a brand new dishwasher, stove, refrigerator, garbage disposal, air conditioner, washer, and dryer. The partial basement has a laundry room, storage space, and the footprint to add an egress window for the potential of adding a fourth bedroom, office, game room, or family room. The front yard is landscaped with a border of Forsythia Gold shrubs, providing both privacy and beauty. You'll also find a lovely butterfly garden, an elderberry bush, strawberry rhubarb, a raised garden bed, and raspberries that line the back yard fence, creating a perfect outdoor haven. The spruce privacy fence was milled and stained personally by the sellers, adding a distinctive and thoughtful touch to the home's exterior. In the back, there's a sizable two-story 18'x12' storage shed, which could be transformed into a woodshop, man cave, she shed, or a garden shed.
