This property has 88 feet of shoreline on Thunder Lake and 100 feet on Little Bass Lake, giving you dual access to two beautiful bodies of water. A sandy swimming area awaits you on Thunder Lake, while a path leads you to Little Bass Lake, where you can portage your kayak for a day of fishing. The great room, with its vaulted wood ceilings and floor-to-ceiling windows, invites the outdoors in while framing the wood burning fireplace with stunning views of Thunder Lake. The lake is always within sight, whether cozying up by the wood-burning fireplace with its impressive timber granite hearth or enjoying a drink at the nearby wet bar with its matching timber granite countertop and sink. The kitchen, complete with a 5-burner gas stove, granite countertops, and an island with seating, is open to the dining table, where a large window perfectly captures the tranquil scene outside. Step out onto the expansive, no-maintenance composite deck to fully appreciate the beauty — the perfect spot for outdoor meals, relaxation, or simply watching the hummingbirds. Designed with privacy in mind, the owner's suite occupies the entire upper level, with its private deck overlooking the lake, a luxurious bathroom with a soaking tub, double granite sinks, and a walk-in closet. The lower-level features a spacious family room with direct, no elevation access to the lake and three generously sized bedrooms boasting beautiful lake views, one of which offers its own walkout. In addition to the inviting bedrooms, this level also has a versatile area perfect for a home office and plenty of storage space to keep things organized and tidy. This home's exterior is as inviting as its interior, with a grand covered entry, beautiful gardens, and half-log siding with shakes and a steel roof.
