Description:

Discover a true Northwoods retreat with this versatile recreational property nestled between Island and Twin Lakes. Island Lake Creek flows right through the land, creating a dynamic habitat ideal for wildlife and a picturesque setting for your next outdoor adventure. With direct access off a well-maintained county road, a brand-new driveway installed this spring, and electricity located at the road, this property is ready for your camper or future cabin build.

The land features a rolling hardwood landscape with mature timber, a well-established trail system on the west side, and three food plots—two lush with thick clover—already attracting game. Hunters will find an abundance of edge habitat along the creek and dense bedding cover, supporting healthy populations of whitetail deer, waterfowl, bear, grouse, turkey, and bobcat.

Surrounded by large neighboring tracts with minimal hunting pressure and located close to additional state land, this property offers privacy, space, and exceptional hunting opportunities. Enjoy nearby fishing and boating on Island Lake, Roy Lake, or the Wild Rice River, and take advantage of quick access to Itasca State Park, restaurants, and other area amenities.

This is your chance to own a turnkey hunting and recreation property in a prime location—priced to sell at just \$1,750 per acre.
