Description:

A rare widefrontage opportunity on the Whitefish Chain.

Set on a quiet peninsula with 100 feet of primary shoreline plus an additional 50 foot adjoining parcel, this property offers a total of 150 feet of unobstructed frontage—a level of privacy and space that is truly uncommon on the Whitefish Chain.

Built in 1967, the cabin features 1692 sq ft, 2 baths, and a stunning vaulted great room with knotty pine ceilings and a classic woodburning fireplace. Expansive trapezoid windows frame sweeping southeast lake views and fill the interior with natural light. The main floor includes two bedrooms, with a lower level family room currently being used as an additional sleeping area.

The deck area offers elevated panoramic views—an ideal setting for relaxation today and a prime location for a future upgraded outdoor space. The cabin has been well maintained and is ready for selective modernization, or it can be enjoyed immediately as a quintessential threeseason getaway.

The additional half lot to the west provides a valuable privacy buffer, long term flexibility, and a sense of spaciousness rarely found on the Chain. Enjoy peaceful surroundings, water on both sides of the peninsula, and direct access by boat to three main cities across a 14 lake system, offering dining, recreation, and endless exploration.

Whether you enhance the existing cabin or envision a future lakeside retreat, this widefrontage peninsula property is a unique and limited opportunity on one of Minnesota’s most soughtafter lake chains.
