With 136 feet of sandy frontage and nearly two acres of landscaped grounds, the property captures the essence of Up North living—peaceful, private, and ready for all-season enjoyment.

Inside, the open-concept layout is anchored by vaulted ceilings, a stone fireplace, and expansive picture windows that frame panoramic lake views. The kitchen flows effortlessly into the main living area, creating a bright, welcoming space for gathering. Two screened porches—one on each level—offer ideal spots to relax and take in the natural surroundings, rain or shine. The main floor also features laundry, walk-in closets, hardwood and ceramic tile floors, and thoughtful finishes throughout.

A stunning paver patio and wood-burning stone fireplace extend the living space outdoors—perfect for evening bonfires, quiet mornings, and celebrating every Minnesota season.

A separate guest house, cleverly designed as a finished 840 square foot garage with a lofted living area above, provides flexible space for recreation, extra sleeping quarters, or a private retreat for visitors.
