Resting on 1.18 acres, the home provides a private retreat with a gentle slope to the water, two docks for all your lake activities, and a unique peninsula surrounded by water that's perfect for evenings around the fire pit.

This home was extensively renovated inside and out, with a reimagined floor plan and high-quality finishes that offer the feel of new construction. The main level showcases massive lake views and an open-concept custom kitchen with stylish designer Café appliances in white with rose-gold accents, perfectly complementing the Alder cabinetry. The space flows seamlessly into the dining and living area with a cozy electric fireplace and natural wood accents. Also on the main floor are a bedroom, bathroom, and laundry room, along with an insulated and heated 2-stall attached garage.

Above the garage, you'll find versatile guest quarters/second living space, complete with a kitchen, bathroom, laundry hookups, living room, and bedroom—ideal for extended family, visitors, or even a game and entertainment room.

The wraparound deck, finished with low-maintenance composite decking and a thoughtfully designed railing, maximizes your view of the lake, while LP SmartSide siding ensures durability and curb appeal.
