**Description:**

Discover charm, efficiency, and comfort in this inviting one-and-a-half-story home, perfectly set on a desirable corner lot with a spacious yard that feels both open and private. Thoughtfully updated throughout, the home blends modern convenience with warm character. The main floor offers easy living with a cozy bedroom and beautifully repurposed vintage hardwood flooring that adds timeless appeal. The lower level provides ample space ready to be finished to your liking whether you envision a family room, home office, or hobby area and already includes a radon mitigation system for added peace of mind. Upstairs, two additional bedrooms feature warm pine ceilings, creating a rustic and welcoming atmosphere ideal for rest or retreat.

This property also stands out for its smart, energy-conscious upgrades. Solar panels installed on the west-facing roof help offset electricity costs, making the home both eco-friendly and economical. Vinyl siding and windows offer low maintenance living, while gutter guards add year round convenience.

Outdoors, the property continues to shine. A roomy yard provides space for gardening, play, or future expansion, complemented by established flower beds for seasonal color. A 10x16 storage shed offers abundant room for tools and outdoor gear, and the front deck is the perfect spot to relax and enjoy the neighborhood. The extended concrete driveway includes a 50-amp RV hookup—ideal for travelers or guests—and there's plenty of room to add a garage if desired.

Move in ready and full of thoughtful details, this home is an exceptional blend of character, comfort, and possibility.
