Description:

Historic log home with amazing early 1900's charm! It was disassembled in the eastern United States and trucked back to Minnesota. Then it was rebuilt on a modern ICF basement with modern systems and Pella windows. Huge logs, a covered porch, beautiful fireplace and three levels of living area. It can be purchased mostly furnished and decorated. All of this set on over 67 acres of woods with half of a private lake shoreline. Current owners had yaks, so there is a fenced corral area and a lot of fencing. No visible neighbors, you feel like you are in the wilderness. Don't miss the chance to own this once-in-a-lifetime property!
