Description:

This one-level home in Motley offers practical living with quality upgrades and a private ranch-style setting. The open floor plan is efficient and comfortable, with a functional kitchen that includes a pantry, stainless steel appliances, and upgraded soft-close cabinetry. USB outlets are conveniently located throughout the home, and fiber optic service provides reliable high-speed connectivity. Main-floor laundry and in-floor heat in both the home and garage add everyday convenience and comfort. The primary bedroom includes its own bathroom that features a handicap-accessible shower. A whole-home water filtration system is also in place. The original build was upgraded with extended garage space, offering room for storage and a workshop. The garage features in-floor heat, a floor drain, and a 2+ car layout. The home is located at the end of a cul-de-sac, creating a quiet and private setting with minimal traffic. An extensive security camera system is included with the property and is used specifically for wildlife viewing. Solar lighting is installed throughout the property and will remain. The home sits on a beautifully wooded 2.91-acre lot with no HOA. The property is a certified wildlife habitat, with a wide variety of birds and wildlife regularly seen on the land. Walking trails wind through the property, with benches placed along the way to enjoy the surroundings. The landscaping includes cherry and apple trees, red and black currants, more than 68 perennials, 14 varieties of pine trees, and thoughtfully placed Lake Superior stones. A gazebo is included and provides a comfortable place to relax and enjoy the view. This property offers true one-level living in a private, natural environment, with upgrades and care that are increasingly difficult to find.
