Description:

Lot 1, Lightning Addition, Clitherall, MN

Need storage? Want a shouse? This recently built 48x72 pole building located in Clitherall MN might be the perfect solution. This high quality building features a heavy duty 26 gauge steel shell, 16 foot side walls, a 14x18 overhead door with top to bottom glass on one side, insulated 5 inch concrete floor with drain and 2 foot overhangs (with gutters) all the way around. In addition the building was specked and built to accommodate the construction of a 2 bedroom, one bath, approx 800 square foot dwelling in the back of the building. That space features in floor heat tubing, rough-in plumbing for a kitchen and bathroom and even a rough-in radon mitigation system as a precaution. The seller can complete building the living space for an additional cost if the new owner wants that done. If you are looking for storage space with a lot of flexibility for future finishing, this property could be the perfect fit.
