Description:

Tucked among towering trees with peaceful views of Baby Lake, this half log-sided studio brings the Up North experience to life. With granite countertops, a kitchen peninsula, and vaulted ceilings wrapped in knotty pine, the interior radiates rustic charm and thoughtful simplicity. Wood floors stretch across the open space, and a 3/4 bath offers convenience without crowding. Downstairs, the 20x32 walkout lower level is ready for your finishing touch, whether that's extra sleeping space, a recreation room, work shop, or storage. A trail winds its way down to the shoreline, inviting you to enjoy nature, launch a kayak, or just sit by the water. A generous 32x32 garage with a cement apron makes it easy to store all your lake toys, while a large 30x36 detached pole barn provides space for boats, gear, or future projects. There's even additional land with potential for a future building site, giving you room to grow or dream. Whether you're looking for a weekend cabin on a great Muskie Lake or a base camp for something more, this is a property that gives back in every season.
