Raw Land

34084 County 39
Laporte MN 56461

Status: Active

Description:

Discover 29 acres of wooded privacy along the scenic Kabekona River—an exceptional property with existing infrastructure and multiple future-use possibilities. Formerly home to five rental units, the site still offers two septic systems, two wells, several electric meters, four road approaches, and five 911 addresses, giving you a valuable head start for redevelopment or a private retreat. 3.4 acres on the south side of County 39 is not dividable from the full parcel. It formerly had two homes that shared a well and a septic system. They each had their own electric service and driveway with 911 address.

The land features level elevation with pockets of wetland, creating natural habitat and a sense of seclusion. Towering mature pines blanket the acreage, and a well defined trail leads to the river, where a dock is included for easy access to fishing, paddling, or quiet relaxation. Whether you envision rebuilding income-producing units, creating a family compound, or simply enjoying a large, wooded riverfront escape, this property provides the infrastructure, setting, and flexibility to bring your plans to life.
