109 Forestry Avenue  
Remer MN 56672

Status: Active

**Description:**

Four plus stalls of garage space split between an oversized attached garage and a detached garage set this property apart from most homes in this price range in Remer. That kind of vehicle and equipment storage on a single 0.71-acre residential lot is hard to come by and adds a lot to this 3 bedroom, 2 bathroom home.

Inside, wood floors run throughout and the kitchen has been updated with modern finishes. A fireplace anchors the living area, and the primary bathroom adds a level of comfort not always found in homes of this era. A large basement expands usable space well beyond the main level for storage, a workshop, or additional living area if you choose to finish it.

The lot offers a good-sized yard with additional storage between the garage structures and outbuildings. The property sits right in Remer, close to schools, groceries, gas, and lake access.
