Let's talk about storage and outside amenities. This rambler comes with a three stall heated and insulated garage, built-in workshop, epoxy floor, and tall ceilings. And if the oversize three stall isn't enough for you, there's a four stall detached that offers all your storage needs for multiple boats, and additional work shop space and ample storage. You won't find a more elaborate dog kennel that could easily be a playhouse, great garden shed, or lawn garden storage. If quality and turnkey is what you are after, you need not look any further.
