Description:

Welcome to 10894 Spring Dr.—where comfort, style, and everyday living come together in the sought-after Four Seasons development.

This 4-bd, 3-ba split-level home has been thoughtfully updated, starting with the heart of the home, the stunning kitchen. It featuring two-toned cabinetry, quartz countertops, a gas range, stainless steel appliances, and a spacious center island perfect for gathering. Eye-catching statement lighting elevates the space, while a built-in in the dining area adds both charm and function. Sliding doors lead out to the deck, creating an effortless flow for indoor-outdoor living.

The primary suite offers a relaxing retreat with a walk-in closet, rustic wood accent wall, and a sophisticated updated bathroom complete with a soaking tub, and a custom 4-foot tiled shower.

Downstairs, the bright walkout lower level is filled with natural light from large windows. The family room centers around a decorative arched fireplace with a wood mantel, flanked by built-ins and floating shelves—perfect for cozy evenings or entertaining.

Outside, the yard is just as impressive. An irrigation system keeps everything looking its best, while the deck and stamped concrete patio create great spaces to relax or entertain. With natural gas already in place for your grill and patio heater—and a water line ready for a future outdoor kitchen—you're set up for easy outdoor living.

The attached garage is insulated, heated, and offers attic storage with a pull-down ladder—practical features you'll appreciate year-round.

This is more than just a house—it's a place to settle in, spread out, and truly enjoy where you live.
