**Description:**

Oh, this one? Yeah... it's the full package.

Completely remodeled from top to bottom, this stunning 4 bed, 4 bath home sits on a premier stretch of Pelican Lake shoreline—featuring an impressive 241 feet of frontage. Whether you're looking for a year-round home or the ultimate getaway, this property brings together style, space, and functionality in all the right ways.

Inside, you're welcomed with loads of natural light and beautifully refinished hardwood floors throughout the main level. The custom kitchen is a total showstopper—built for hosting, gathering, and actually enjoying lake life. And with two true primary suites, you've got flexibility that's hard to find—perfect for guests, multi-gen living, or claiming your own private retreat.

As if that wasn't enough, the main floor also features an additional bedroom and bathroom. Head downstairs and you'll find a spacious family room with a bar, another bathroom, laundry, a bedroom, flex space, and a bonus room that could easily become a 5th bedroom with the addition of a larger egress window.

Step outside and it somehow gets even better. Set on over 2 acres, the home features a completely updated exterior, new septic system, and not one—but two garages (attached 2-stall + oversized detached 2-stall) with plenty of room for all the lake toys. There's an outdoor kitchen for those long summer nights, a hot tub for year-round relaxation, and an electric tram that takes you right down to the water—because lake days should be easy.

And the location? Less than half a mile from Zorbaz, so food, drinks, and fun are always within reach.

This is one of those properties that just hits different—thoughtfully upgraded, move-in ready, and set on one of the most sought-after lakes in the area. Pelican Lake living doesn't get much better than this.

Oh—and yes, the 3-bay Gal-Va-Dock system and 3 boat lifts are included. All that's left to do is move in. Call your favorite realtor to preview today!
