**Description:**

This 3 bed 3 bath rambler sits on a beautiful 20-acre property overlooking a peaceful pond. Built in 2003 and well cared for and updated over the years, it includes a finished walk-out basement, large entertaining patio, an oversized 3-car garage, an extra shed, a variety of gardens and trails, and an abundance of nature to enjoy.

The owners have planted thousands of trees over the years (maple, spruce, poplar, apple, birch, and more), creating a really private, park-like setting with trails winding throughout the property. Deer and birds come and go with the seasons, nesting and raising young within view of the home.

Inside, the layout is comfortable and easy to live in. The main floor features a spacious kitchen that opens to the dining area, with a patio door leading out to the deck, great for grilling, relaxing, or enjoying your morning coffee while you watch the pond. There's also a cozy living room, main floor laundry, and a convenient half bath near the front entry. The primary bedroom has its own private bathroom with a jetted tub, separate shower, and a walk-in closet.

Downstairs, the walk-out basement gives you even more space with a large family room plus a recreation room area, two additional bedrooms (one has a walk-in closet), a full bathroom, and plenty of storage.

You'll love the privacy, the wildlife, and the peaceful setting, all just a short drive from Little Falls. Set up a showing for your new home today!
