Status: Active

Description:

WOW! You won't believe your eyes when you see this water! Turn key, 2021 built home offers luxury living on Breathtaking White Earth Lake, one of Minnesota's cleanest and purest bodies of water with a perfect balance of amenities and privacy. Situated on over 1 acre with 150 feet of gorgeous shoreline at the end of a quiet cul-de-sac and adjacent to state land, this property ensures continued tranquility in a nature-rich environment. Step inside where the beautiful interior compliments the land and immediately draws attention to the stunning 180-degree views stretching from the lake to the woods for that "treehouse vibe". Enjoy stunning sunrises and glowing sunsets from anywhere on the property. The main floor offers functional, thoughtful design with open-concept space that easily flows between living areas, featuring a wood-burning fireplace in the main living room. Gourmet kitchen features custom (soft close) cabinets, stainless steel appliances, and a water filtration system. Primary bedroom and 3/4 bathroom offer main level living. Two separate upper levels: a flexible space with lake views and a large walk-in closet, perfect for an office or guest area. The second upper level, dubbed "FROG" (Family Room Over Garage), creates a cozy, quiet retreat with a gas fireplace and a dedicated ductless mini-split. The fun continues throughout the lower level where you will find a game room, 2 additional bedrooms, dedicated laundry, storage, and a full bathroom featuring a huge soaking tub. Complete with a lakeside walkout patio with hot tub.

Built with durability in mind, this home is designed for easy lake living. Key features include metal roof, Nadura ICF foundation and lake-friendly waterproof flooring throughout the main and lower levels. Equipped with in-floor radiant heat (including garage), instant tankless hot water system, air exchange system, radon mitigation system and more... The interior and exterior finishes include beautiful sandstone colored concrete. The property boasts 150 feet of gorgeous shoreline with the "best swim hole ever"—absolutely no weeds—offering fantastic swimming, fishing, and water sports. White Earth lake features million-dollar views of undeveloped shoreline but also hosts two resorts perfect for guests or a meal away from home. Outside, enjoy multiple spaces including a lakeside fire pit area. The flat front yard hosts a sand volleyball court, and the driveway also serves as a pickleball and basketball court. For nature lovers, the property offers direct snowshoe access out the front door to the Nenookaasi (Hummingbird) trailhead, and daily sightings of incredible wildlife including eagles, deer and swans. The bunkhouse is not included and will be moved off property by seller but can be negotiated.
