Description:

Timeless charm meets peaceful lake living on sought-after Lake Miltona. Nestled on 8+ private acres, this stunning stone farmhouse offers the perfect blend of character, comfort, and versatility with 4 bedrooms, 3 bathrooms, and serene views in every direction. The property includes approximately 7 acres surrounding the home plus an additional acre with 90+ feet of lakeshore across the minimally traveled road. Inside, you'll fall in love with the warmth and charm throughout, highlighted by a beautiful primary suite addition featuring a spacious bedroom complete with a fireplace and sitting area, private deck overlooking the lake, walk-in closet, laundry, and a spa-like bathroom retreat. The main floor also offers an office, a large living room overlooking the lake, an inviting eat in dining room and a functional kitchen complete with updated Swedberg cabinets and farmhouse charm. You'll appreciate the large upstairs bedrooms and the recently finished bathroom. An added bonus is newly finished loft above the heated garage that provides a guest space ideal for visitors, hobbies, or a private getaway. Outside, enjoy unmatched privacy, mature trees, including many different fruit trees and endless opportunities to relax and entertain. The nicely finished bunkhouse adds even more flexibility — perfect as a guest space, kids' playhouse, workshop, studio, or creative retreat. Key updates include a new furnace and heat pump in 2024, new Anderson windows throughout in 2020, new custom exterior door in 2026, new loft in 2023, drainage tile system with transferable lifetime warranty and fairly new well and septic system.
