Description:

A rare blend of architectural character, timeless quality, and modern comfort, this beautiful 5 bedroom, 2 bathroom 1950s Prairie Style home was inspired by the iconic design principles of Frank Lloyd Wright. Deceptively spacious from the street, the home opens into warm, inviting living spaces filled with natural light from large picture windows, rich wood and tile floors, maple cabinetry, stainless steel appliances, and two wood fireplaces that bring charm and character throughout. The brick and wood exterior delivers a classic sense of style, while front and back patios create inviting spaces to relax or entertain. The freshly remodeled lower level features a family room, 2 bedrooms, and a bathroom, offering flexible space for guests, work, or everyday living. Additional highlights include a 4 car partially heated garage, newly installed gas forced air furnace with central air, and an air exchanger for year round comfort. Conveniently located within walking distance to parks and downtown, this thoughtfully updated home is where timeless design meets modern convenience.
