Description:

Your private retreat in the heart of Brainerd Lakes country starts here. This 3.19-acre wooded building site in Hidden Creek Hills offers the seclusion, without the lakefront price tag. A naturally level building pad on the southwest corner sits tucked into a mature canopy of white birch, white pine, red pine, and oak, with open views into the valley below and complete privacy from the build site. A secondary level area near the north corner adds flexibility depending on your plans. The tree coverage is heavy, the setting is quiet, and the lot has the character that is impossible to replicate. Located just minutes from Crosslake and Pequot Lakes within the Pequot Lakes School District, with easy access to lakes, golf, trails, and dining while feeling a world away from it all. This is the site to start with.
