Description:

Pride of ownership is evident throughout this well-maintained Baby Lake property, where mature white pines, 199 feet of shoreline, and 1.57 acres create a peaceful setting surrounded by nature. A covered front porch offers a warm welcome, while the home's thoughtful design provides room for gathering, relaxing, and enjoying all four seasons of Minnesota lake living. The main level features an open kitchen with granite countertops, abundant cabinetry, and plenty of windows that bring in natural light. A spacious dining room opens to the lake-facing deck, where sunrise views over Baby Lake provide a beautiful start to the day. Two separate sitting areas offer flexibility for entertaining or quiet evenings at home, while a powder room, pantry, and flex space suitable for an office, den, or hobby room add convenience to everyday living. Upstairs, the loft level includes a private bedroom with lake views, a 3/4 bath, and an additional sitting room. The walkout lower level offers laundry, a full bath with jetted tub, and two bedrooms, both with views of the lake. Warm wood finishes throughout the home create a welcoming atmosphere, while the wood stove provides a cozy place to gather on cooler days. The detached garage includes a refrigerator and an unfinished insulated loft above, offering exceptional storage space and future possibilities for hobbies, projects, or additional workspace. Outdoor enthusiasts will appreciate the property's access to year-round recreation. From Rottier Trail, a Forest Service road connects to Woodtick Trail and the extensive trail system within the Chippewa National Forest. Hike or cross-country ski from the property via the LadyBug Trail to the Goose Lake Ski and Hiking Trails. In winter, snowmobile access is available from the north end of Baby Lake into the Chippewa National Forest trail network. For those who enjoy exploring by water, Man and McKeown Lakes can be accessed by canoe or small boat, with the opportunity to follow the Boy River to Woman Lake. Additional updates and maintenance include a new microwave in 2025, heating and air conditioning serviced in October 2025, septic system serviced in May 2026, and professionally cleaned windows in May 2026. High-speed internet is available, making it easy to stay connected while enjoying the beauty and recreation that surround this Baby Lake retreat.
