**Description:**

Nestled on the shores of Lake George, this extraordinary log home offers breathtaking architecture and exceptional privacy on over 21 acres of unspoiled Northwoods beauty. With an impressive 1,350 feet of lake frontage, this remarkable estate provides panoramic water views in a peaceful setting surrounded by towering trees, abundant wildlife, songbirds, and waterfowl.

Centrally located between Walker, Park Rapids and Bemidji, and less than 10 miles from Itasca State Park, Lake George is clean and quiet, with 16 feet of clarity, miles of shoreline to explore, and excellent fishing!

The thoughtfully designed home showcases timeless craftsmanship and warm rustic elegance throughout. Reclaimed chestnut flooring brings character and history to the living spaces. Comfort abounds with in-floor heat beneath all of the tile flooring. The gourmet kitchen features knotty alder cabinetry, granite countertops, and a spacious pantry complete with a wine refrigerator. The kitchen also features a Wolf cooktop, double ovens, and microwave, a Bosch dishwasher, and a brand new Cafe Refrigerator.

Two stunning floor-to-ceiling stone fireplaces, one in the great room and one in the sunroom, create inviting gathering spaces. Expansive windows capture picturesque lake views and fill the home with natural light, seamlessly connecting the indoors with the surrounding landscape.

The desirable main-level owner's suite offers lake views, a walk-in closet, and a walk-in tiled shower in the private bathroom.

A second bedroom and guest bathroom, which houses a brand-new LG washer and dryer, also finish off the main level.

Step outside to a large lakeside deck with desirable elevation to the shoreline, perfect for entertaining, relaxing, or enjoying spectacular sunsets. A private sauna provides the ideal retreat after a day spent exploring the property, fishing, boating, or simply enjoying the tranquility of the lake. Upstairs, you will find more spectacular views of the lake, a spacious loft area for lounging, work space or extra sleeping space, and another bedroom and full bathroom.

The home is equipped with a Generac full-house generator, 12x80 gutters, metal roof, and gutters installed in finished; and a Kinetico water filter system. The finished building offers drive-through capability with a concrete floor with drains and a stone deck to take in the natural surroundings.
