Lots of natural light, and beautiful light fixtures throughout the home. The downstairs fireplace was converted to gas in 2024. The spacious entry way has a wrap around custom bench for shoe storage, and you can easily access the brand new hot tub (a 16K value, included with the home) from the sliding door to the backyard patio. Heated/insulated/sheetrocked garage in 2024, complete with new garage doors, openers and a Tesla charger. This property is conveniently located to everything the Brainerd Lakes Area has to offer. \*Please note, seller has contacted DNR about the body of water that connects to White Sand Lake that adjoins this property. White Sand Lake is currently experiencing the worst drought they've recorded since 2011. This body of water is normally suitable for boats and kayaking and you will notice that almost every neighboring property has a dock. While we expect this drought to be short-term, it currently is not suitable for these purposes.\*
