Description:

With 6.6 acres and 390 feet of shoreline on a peaceful 69.83-acre environmental lake, this property offers an opportunity to create something truly your own. Located just minutes from Woman Lake and the conveniences of Longville, you'll enjoy a natural setting while remaining close to popular lakes, restaurants, and services. The shoreline follows a small, undeveloped lake where the sounds of nature often outnumber the sounds of people. Loons, songbirds, and visiting wildlife are more likely to be your companions than boat traffic. Calm waters reflect the changing seasons, creating a backdrop that feels different every day of the year. Beyond the property, nearby county land and area trails provide additional opportunities to explore the outdoors, whether your interests include hiking, wildlife watching, snowmobiling, ATV riding, or simply spending time in the woods. Whether you envision a year-round home, a seasonal retreat, or a gathering place for future generations, the acreage provides room to bring those plans to life. Mature trees, generous shoreline, and plenty of space to spread out make this a special piece of lakes country where the focus remains on nature, open skies, and the enjoyment of the outdoors.
