Description:

Every once in a while, a property comes along that simply cannot be replicated, and this is one of them. Romantically set along 175 feet of pristine sand frontage on the crystal-clear waters of Kabekona Lake, this extraordinary retreat was originally created by artists and has been lovingly preserved, restored, and thoughtfully renovated over the years. The result is a true work of art—a sexy, timeless mid-century modern retreat with more character than words can describe. Inspired by the principles of Frank Lloyd Wright's organic architecture, the home embraces and celebrates its surroundings, seamlessly integrating the natural beauty of the landscape into the living experience. Set on 1.29 acres, a carpet of vibrant ferns beneath mature trees, magical trails and winding walkways, and globe lighting that transforms the grounds into an unforgettable evening experience create a setting that feels as though every inch was intentionally composed. An incredible firepit area woven into the landscape with stone accents and steps provides yet another inviting space to gather, relax, and take it all in. Inside, each space flows seamlessly into the next, with extraordinary lake views from nearly every room. Five skylights fill the home with natural light, while a stunning sunken living room, cathedral ceilings throughout much of the home, multiple lakeside decks, TWO screen porches, two charming "moon loft" bedrooms, a lakeside primary bedroom, lower-level bedroom, carport area, double attached garage, and architectural details make this home truly unforgettable. Nearly every area of the home has been thoughtfully remodeled while preserving the character and artistry that make it so special. The current sellers have continued that legacy with extensive improvements, including a new roof and insulation, spray foam, and the addition of a sauna—ask your agent for the complete list of improvements made during their ownership. Set on Kabekona Lake, often regarded as one of Minnesota's most beautiful and pristine lakes, the setting is nothing short of extraordinary. Be sure to check out the virtual tour for interior and exterior video, and ask your agent for the pre-home inspection report and complete list of improvements. Some properties are simply places to live. Others are an experience. Agents, schedule plenty of time for this one—this will not simply be a showing…it will be an experience.
