Description:

COMING SOON ON Kabekona Lake... Every once in a while, a property comes along that simply cannot be replicated, and this is one of them. Originally created by artists and lovingly preserved, restored, and thoughtfully renovated over the years, this home is truly a work of art—an extraordinary retreat with a timeless mid-century modern vibe and more character than words can describe. The setting is pure magic—a carpet of vibrant ferns beneath mature trees, winding walkways, and lush grounds that feel as though an artist carefully designed every inch. Inspired by the principles of Frank Lloyd Wright's organic architecture, the home embraces and celebrates the surrounding landscape, seamlessly integrating the natural beauty of the property into the living experience. Inside, you'll find a stunning sunken living room, breathtaking views of Kabekona Lake from nearly every room, and architectural details that make this home truly unforgettable. Set on 175 feet of pristine sand frontage along the crystal-clear waters of Kabekona Lake, often regarded as one of Minnesota's most beautiful and pristine lakes, the setting is nothing short of extraordinary. The outdoor living spaces are just as impressive, with not one, but TWO screen porches, multiple decks, a carport, and a double attached garage, creating endless opportunities to relax, entertain, and take in the beauty that surrounds you. Some properties are simply places to live. Others are an experience. This one is a must-see. Stay tuned.
