Description:

Welcome to your private retreat—an inviting 5-bedroom, 3-bath home set on 3.7 park-like acres just 5 miles from town on a quiet dead-end road. Built in 2006 and thoughtfully updated, this property blends comfort, style, and the peaceful beauty of its wooded surroundings. Step inside to a bright, airy floor plan that flows naturally onto a large deck overlooking the beautifully landscaped yard. Mature trees, curated plantings, and wide-open green spaces create a peaceful outdoor setting perfect for relaxing, entertaining, or simply enjoying the quiet of nature. The spacious kitchen is truly the heart of the home—ideal for gathering, cooking, and connecting. The upper level features a serene master suite with a walk-in closet and a relaxing jetted tub, along with a second bedroom and full bath. The lower level offers even more room to spread out, with a window-filled family room, three additional bedrooms, and a second $\frac{3}{4}$ bath. Exterior details include split-rock and log siding, a durable metal roof, and a welcoming covered entry. The property itself is a standout—lush, wooded, thoughtfully landscaped, and offering lovely views of Rice Lake. Whether you're enjoying morning coffee on the deck or walking the grounds, the scenery feels peaceful and restorative. A charming greenhouse adds even more appeal, giving you space to garden year-round, start seedlings, or cultivate your favorite plants in any season. An insulated, heated 2-stall attached garage with a generous entry and storage area adds everyday convenience. Also included is a full house generator, for a seamless switch in case of any power outages. A home that feels like a getaway yet keeps you close to everything—this is the perfect blend of privacy, comfort, and Northwoods charm.
