The property features predominantly high ground covered with a beautiful stand of mature oak and maple, creating a picturesque setting for a future cabin, lake home, or private family retreat. A private road already extends through the property from the north boundary to the southeast corner, providing convenient access throughout the land and adding tremendous value for future development. The shoreline is simply exceptional, with a predominantly sand and gravel lake bottom that's ideal for swimming, relaxing, and enjoying everything lake life has to offer. North Ten Mile Lake is well known for its peaceful atmosphere, excellent fishing, and largely undeveloped shoreline. The lake also connects directly to Ten Mile Lake, expanding your opportunities for boating and recreation. The property also offers outstanding habitat for both whitetail deer and waterfowl. Located less than one-half mile from the Ten Mile Lake Waterfowl Production Area, you'll have easy access to thousands of acres of protected wildlife habitat and exceptional hunting opportunities. An original 1940s bunkhouse cabin remains on the property and is considered a teardown, allowing the next owner to create their own vision while taking advantage of this remarkable setting.
