**Description:**

Some homes are built. Others are crafted. This is one of the latter.

Nestled on 10 private wooded acres just 8 miles from Hill City, this exceptional 3-bedroom, 3.5 bath log home offers the perfect blend of craftsmanship, comfort, and Northwoods living.

From the moment you walk inside, you'll notice the soaring vaulted ceilings, beautiful hardwood floors, handcrafted white ash cabinetry, and stunning woodwork throughout. Designed for comfortable main-level living, the home features a spacious primary suite with a large private bath, an attached insulated and heated garage, central air, geothermal heating with a propane boiler backup, and a durable metal roof.

Step outside onto the expansive back deck and enjoy the peace and privacy that only a setting like this can provide.

The unfinished lower level offers another 2,176 square feet with extra-tall ceilings and is already designed with space for a second kitchen, creating incredible potential for additional living space, entertaining, or multigenerational living while adding tremendous future value.

Need room for projects or toys? The detached garage/shop gives you even more flexibility.

Located close to ATV and snowmobile trails and surrounded by countless lakes, this property truly offers the best of northern Minnesota recreation while remaining just minutes from town.

If you've been searching for a high-quality log home with room to grow, unmatched privacy, and timeless Northwoods charm....this is one you won't want to miss.
