This 3-bedroom home features a bright and inviting layout filled with natural light. The spacious living room opens to a generous deck through a patio door, creating the perfect space for relaxing or entertaining. The updated kitchen includes stainless steel appliances and loads of counter and cabinet space, and is open to the dining area. The main-floor primary bedroom has a walk through full bathroom (the benefits of a primary bath without having another to clean), complete with tiled floors, a walk-in shower, and a charming clawfoot tub. Upstairs you'll find two additional bedrooms, while the lower level features a family room, two walkout doors to the backyard, and plenty of storage space. Additional highlights include Andersen windows, maintenance-free vinyl siding, soffits and fascia, forced air heat with central air, a welcoming stained-glass front entry door, off-street parking, and a detached 2-stall garage with alley access. The property also includes raised garden beds, with the seller willing to purchase the adjoining city-owned parcel where they are located and convey it to the buyer with an accepted offer, providing even more usable outdoor space. Stay tuned for additional photos as the seller prepares the home for showings.
