Description:

Looking for a couple of acres, rural but not too rural? Close to town, yet not too close? A home with plenty of room to relax and a yard to match? This immaculate, well-maintained home features a primary and 2nd bedroom on the main floor, main floor laundry, huge eat-in kitchen, formal dining room, living room with electric fireplace, den/study with that open concept feel, solid oak floors in much of the upstairs, ceramic tile floor in kitchen.The lower level has a backwoods cabin feel- real 1/2 log walls give that wilderness cabin feel(structure behind is concrete block). The huge family room has a beautiful stone, wood-burning fireplace, a built-in aquarium, and a glass built-in cabinet. 2 additional bedrooms with egress windows, a workshop, a utility area, and a canned-goods storage area round out the basement. The attached garage is insulated, heated, and finished. The detached garage has concrete floors and electric. Have coffee on the beautiful concrete block patio in the front or, if you prefer, lounge on the composite deck. The storage shed looks like a cabin. The playhouse is also built to look like a cabin (watch your head entering the playhouse) (both have concrete floors and electric.Like to garden? 27 raised beds and a large area for in-ground crops like corn and potatoes, all fenced, all irrigated with its own well; the owner even made concrete paths so you don't have to get your feet muddy.
