Description:

Country privacy. City convenience. Welcome to a one of a kind urban homestead in the heart of Fergus Falls. Completely remodeled and thoughtfully reimagined for modern, intentional living. This 4 bedroom home makes exceptional use of its footprint with an open, light-filled layout connecting the kitchen, dining and living spaces. At the center is a rustic industrial kitchen featuring reclaimed wood open shelving with quartz counters and an efficient design created for everything from weeknight meals to preserving the harvest. Step outside to a private setting, featuring a recently added wraparound cedar deck to experience your own retreat without sacrificing the convenience of living in town. The lower level delivers true homestead functionality with laundry, sauna, freezer and food-storage space, root-cellar potential and a germination chamber with grow lights for starting the gardening season early. Updated plumbing, electrical, water heater, filtration and radon mitigation systems, along with low maintenance metal siding cover the big ticket items.
