Description:

Home has been lovingly cared for and is ready for its next owner to make it their own. There is plenty of room to spread out in this timeless 5-bedroom, 2-bath home. The main level features a spacious kitchen that is the heart of the home, with a center island, plenty of cabinet and counter space, a breakfast nook, and a formal dining room. The kitchen is open to both the family room with a cozy wood-burning fireplace and the bright living room. The main level includes the primary bedroom, a second bedroom, and laundry, offering the option for one-level living. Upstairs are two additional bedrooms, plus a fifth bedroom that would work well as an office, nursery, or guest room. The finished lower level adds even more living space with a large rec room, an additional family room or flex space, a second bathroom, and plenty of storage. Outside, enjoy the large deck overlooking the backyard. The oversized, propane-heated two-car garage is great for projects or year-round use. The water heater is brand new, and the roof is believed to have been replaced in 2011.
