With 3 bedrooms, 2 bathrooms, and a dedicated office, the layout provides flexibility for everyday living, working from home, and welcoming guests. The bright, open interior creates an easy flow between the kitchen, dining, and living areas. Warm knotty alder cabinetry and beautiful quartzite countertops give the kitchen a refined feel, while the spacious primary suite includes a private en suite bath with a separate tub and shower and dual sinks. The heated three-car garage offers excellent space for vehicles, recreational equipment, and year-round projects. An additional workshop shed, 24 x 12, is both heated and cooled, making it ideal for hobbies, woodworking, storage, or a dedicated workspace in every season. A four-foot crawl space provides valuable additional storage without taking away from the home's living areas. Set on just under three-quarter acre, the property offers a peaceful connection to nature with wildlife frequently enjoyed right outside your back door. A fountain and heated bird bath create a welcoming environment for wildlife. The large patio and electric awning provide a comfortable setting for daytime entertaining, outdoor dining, and relaxing in the shade.
