Description:

The perfect "turn-key" hunting camp/retreat with 110.5 acres and a furnished home/cabin! The same family has owned this property for over 75 years and has been groomed for wildlife preservation with a mixture of open land (great food plot locations), and the wooded areas have been selectively harvested over the years, offering different year classes of timber. There is a diverse stand of timber with mainly popple, oak, basswood, birch, and maple. Several trails traverse the property along with 4 elevated and enclosed deer stands. An electric power line runs diagonally through the property, making for several strategic hunting stand locations! While assessing the property, I saw three deer out on the "highline"...2 bucks and a doe! According to the owner, there are very good deer numbers in the area along with turkey, bear, and grouse. Besides the 3-bdrm home/cabin, there is a double garage (with lean-to), a storage shed, a loafing shed, and a metal gate at the entrance to the property. An added perk: it is located just SW of Bagley off of a paved road.
