Description:

Some homes are built on beautiful lakes. Others are built to embrace them. Positioned where the sparkling waters of Woman Lake meet peaceful Lantern Bay, this remarkable home feels as though it belongs exactly where it stands. Set among towering white pines on 1.43 beautifully landscaped acres with over 250 feet of shoreline, every gathering space was thoughtfully positioned to capture a different perspective of the lake. Here, the views aren't simply outside your windows, they become part of everyday living. From the moment you step through the front door, your eyes are drawn to a soaring two-story wall of windows that frames the water beyond. A magnificent floor-to-ceiling fireplace crafted from native Minnesota stone rises through the heart of the home, anchoring both the great room and dining room while creating a warm gathering place in every season. Vaulted knotty pine ceilings, expansive walls of glass, and custom wood mantels add warmth and character without competing with the true centerpiece, the breathtaking setting beyond. The home unfolds naturally from one inviting space to the next. The dining room, four-season room, and comfortable sitting area each capture their own unique view of the lake as the shoreline gently wraps around the property. Multiple lakeside decks invite everything from quiet mornings with coffee to evenings spent watching the sunset reflect across Woman Lake. The spacious kitchen was designed for gathering, with abundant cabinetry, stone countertops, double ovens, generous workspace, and windows overlooking the beautifully landscaped grounds. Nearby, a private main-level bedroom enjoys its own lakeside deck access, while the upper-level owner's suite offers a peaceful retreat among the white pines, complete with a private deck, walk-in closet, and spacious en suite designed for relaxation. The finished lower level provides additional living space for family and guests, while the heated, insulated four-stall garage offers exceptional room for vehicles, boats, and all the gear that comes with lake life. Outside, expansive lawns, mature white pines, and beautifully crafted stonework guide you to the water's edge, where natural stone steps lead to a lakeside patio overlooking the dock. It's the kind of place where conversations linger long after sunset and every season brings a new reason to appreciate the view. Adding to the property's uniqueness, the buyer will have first right to purchase the adjoining waterfront parcel, an opportunity that is seldom available on Woman Lake. This isn't simply a beautiful lake home. It's a place designed to celebrate its surroundings, create lasting memories, and be enjoyed for generations to come. Your quiet paddle into Lantern Bay awaits.
