Description:

This 4 bedroom, 2 bathroom cul de sac home is definitely not in the "cookie cutter" category! Enter the foyer and look up the stairs to a gorgeous vaulted ceiling with wood beams and an open cupola with windows. So much natural light throughout the open concept living area with vinyl plank flooring. The large living room area has a sliding door ready for a future deck to lead out to. The dining space has a window seat and the kitchen along with the stainless steel appliances were completely new in 2019. Plenty of cabinet space and peninsula for eating and serving from. Other 2019 renovations include new bathrooms, furnace and central air, windows, siding, doors, lighting, floors and paint. There are 2 bedrooms and a full bathroom off the living room area and then downstairs 2 more bedrooms, a 3/4 bathroom, laundry room and family room with sliding doors leading to the patio and back yard. The 2 car garage has a brand new lean-to. There is a shared lot with access to Lake Geneva a couple blocks away. Ready to view 8/13/2026. Book your showing TODAY!
