

MLS 7135396 Lake Home

\$1,149,900

2,558 sq ft
5 bedrooms
3 baths

16138 Zigmund Drive
Fifty Lakes MN 56448

Waterfront: Mitchell

Status: Coming Soon

Description:

123 feet of sandy beach on Mitchell Lake, level elevation, 3.33 acres, 5 bedrooms and a 30x60 shop—this Fifty Lakes property offers a combination that is exceptionally hard to duplicate. Rare Mitchell Lake offering with the shoreline, space, storage and setting lake buyers are searching for. Set on 3.33 beautifully maintained acres with 123 feet of private sandy frontage, this custom 5-bedroom, 3-bath lake home offers 2,558 finished square feet of comfortable one-level living in the heart of Fifty Lakes. The approach to the water is exceptional—level elevation with no stairs, an expansive lawn, mature trees, a generous sandy beach and a private dock create an effortless connection between the home and lake. Spend summer days at the water, evenings around the lakeside firepit, and quiet mornings taking in the view from the screened porch. Inside, the home captures the warmth of classic Minnesota lake living with vaulted wood ceilings, rich natural woodwork, hardwood and luxury vinyl flooring, and a striking fieldstone fireplace. Large lakeside windows bring the outdoors in, while multiple living and gathering spaces provide plenty of room for family and guests. At the heart of the home, the kitchen features Cambria quartz countertops, stainless appliances, abundant cabinetry and an inviting open connection to the dining and living areas. The spacious primary suite enjoys lake views and dramatic wood ceiling detail, while four additional bedrooms offer exceptional flexibility for guests, office space or extended family. The lakeside screened porch is a true standout—a comfortable extension of the home where you can enjoy the sights and sounds of the lake from spring through fall. A dedicated mudroom/laundry area and generous storage add everyday practicality. Outside, the property continues to impress. In addition to the 2-car attached garage, a substantial 30x60 detached garage/shop provides approximately 1,800 square feet of space for boats, vehicles, ATVs, snowmobiles, hobbies and workshop use. A separate lakeside storage building keeps all the seasonal gear conveniently close to the shoreline. Built in 2001 with later additions and improvements, the home also features central air, forced air heat, a tankless water heater, generator wiring, compliant septic, a newer roof and no HOA. This is more than a lake home—it is a complete four-season Mitchell Lake property with a beautiful sandy shoreline, room for everyone, exceptional storage and the kind of level lake access that is increasingly hard to find.
