Longville MN 56655

Waterfront: Girl

Status: Active

Description:

Set on more than an acre along Girl Lake, this four-bedroom home combines lake living with the convenience of being just minutes from the heart of Longville. Girl Lake connects to the Woman Lake Chain, opening up miles of water to explore, while the property itself offers a peaceful setting among beautiful red pines. Inside, the open living, dining and kitchen areas are designed for gathering, with large windows capturing views toward the lake. White paneled ceilings accented by exposed natural-wood beams give the space a distinctive look, while beautiful wood flooring and creative live-edge details add warmth throughout. The gas fireplace is especially striking, finished with a beautiful live-edge mantle that becomes a natural focal point of the living room. A small step up leads into the kitchen, where granite countertops, generous cabinetry, double ovens and an island with seating provide plenty of room for cooking and entertaining. The island also has electricity, making it useful for meal prep and serving. A three-season porch offers another place to relax and enjoy the surroundings. The spacious main-level owner's suite is a standout, with its own private bathroom and walk-in closet. Three additional bedrooms are located upstairs, creating a separate area for family or overnight guests. There's no shortage of room for vehicles, boats and lake gear. An attached, insulated two-car garage offers additional space, while a detached two-car garage provides even more storage. Two sheds and a potential bunkhouse, currently without electricity, add further possibilities. The location may be one of this property's best surprises. It sits along a peaceful drive at the edge of Longville, close enough to walk or bike into town for restaurants, shopping and community festivities, yet far enough away to come home to a quieter pace. With Girl Lake at your doorstep and the entire Woman Lake Chain beyond, there's a lot more here than what you see from the shoreline.
