Description:

Big Pine Lake - This beautifully updated 4-bedroom, 3-bath home offers peace and quiet on over six acres with more than 400 feet of level shoreline. The kitchen has a large quartz-topped island with seating and opens to a spacious dining area with a see-through fireplace and live-edge wood mantel. Large living room windows frame views of the lake, and the sunroom, with its natural wood ceiling, is a cozy spot for morning coffee. The primary suite has a vaulted wood ceiling and opens right onto a lakeside deck. High windows fill the en suite bath with natural light, and there's a freestanding jetted tub, a double vanity, and a roomy glass-enclosed tile shower with a built-in bench. A spacious deck runs the length of the home on the lake side, and a large fire pit is ready for evenings outdoors. A wooden boardwalk crosses the low-lying, cattail-lined area to the lake for summer fishing and winter days on the ice. The property also includes a wooded area across the road that adds to the private setting. It's hard to find this much room to spread out, inside and out, on Big Pine Lake.
