$469,000

1,539 sq ft
2 bedrooms
2 baths

4809 28th Avenue
Hackensack MN 56452

Waterfront: Little Webb

Status: Active

Description:

From the peaceful wooded drive to the sandy shoreline, this Little Webb lake property offers something special at every turn. Set on 1.02 acres with 175 feet of shoreline and adjoining the Chippewa National Forest, the setting invites morning walks, bike rides and days spent enjoying the lake. A circular driveway provides a welcoming approach, while a pole barn offers valuable space for storage, boats and lake toys. Hand-hewn wood siding, a covered entry, beautiful stonework and thoughtfully designed landscaping create a memorable first impression. Inside, craftsmanship takes center stage. Vaulted ceilings accented with wood beams, large windows and a wood-burning fireplace bring character to the open living and kitchen area. Hickory cabinetry, abundant built-ins and a movable kitchen island with seating for four are complemented by a stunning L-shaped live-edge bar overlooking the lake, complete with an eye-catching burl wood support. The main level includes a bedroom and bathroom, while a charming loft provides a fun retreat for kids and adults young at heart. Extending from the upper living level, the spacious lakeside deck is partially covered and finished with low-maintenance decking. A granite bar facing the lake creates a wonderful place for morning coffee, casual meals or evening conversation, all while taking in the view. The lakeside lower level offers an entirely different living experience, giving family and friends a wonderful space of their own. With heated, stamped concrete floors, sleeping accommodations, a ¾ bath and laundry area with sink, it's designed for gathering, relaxing and enjoying time together. Step outside to the hot tub after a day on the water. Beautiful landscaping, paver walkways and stone accents enhance the outdoor spaces, while steps lead down to the sandy beach. A lovely fire-pit area offers another place to gather as the sun goes down. With its distinctive woodwork, inviting gathering spaces, generous shoreline and the Chippewa National Forest next door, this property offers a lake lifestyle that extends well beyond the water's edge.
